

Drain-Eze Basement System

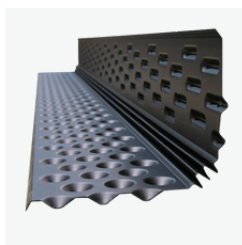

Data
Sheet

Name	
Color	Black
Material	HIPS
Overall Dimensions	5-1/2" vertical 6-1/2" horizontal 6' length
Dimple Height	3/8"
Weight Per Section	0.60

Drain-Eze uses patented (US7918055B2) expandable bi-fold technology to absorb the common wave deformity generic dimple mat can't overcome. Work smarter and faster with the horizontal troughs and structural footer dimples. Yields high drain allowance and clog-free seepage collection.

Drain-Eze Installation

Drain-Eze Channel
Item# DE4448

Fast Track Channel
Item# FT4449-90FT

*Fast Track components:
corners, inspection ports,
tees, sump drops and
snap joiners.*

Drain-Eze is installed on top of the footing along with the Fast Track Basement System.
